

Xperio™ Satisfaction Guarantee

Xperio Polarized Lenses Try It Risk Free Guarantee!

Try Xperio™ polarized lenses risk free. If you are not entirely satisfied, you can exchange the lenses for a pair of tinted lenses in the same prescription, design and index.

Four Key Benefits and Features of Xperio Polarized Lenses:

1. 100% UVA and UVB Protection

Xperio polarized lenses completely block UV rays. Research links UV exposure to a number of common eye diseases such as cataracts, macular degeneration, and malignant cancer of the eyelid.

2. Glare protection

Unlike regular sunglasses, Xperio polarized lenses virtually eliminate glare, enabling you to see more clearly and comfortably outside.

3. Greater Road Safety

Xperio polarized lenses eliminate dangerous glare—even dashboard glare—for greater driving safety and eye comfort.

4. Superior Performance

Xperio polarized lenses provide greater clarity and truer color perception.

SUN FACT:

UV exposure may lead to premature macular degeneration. Of the 20 million people with cataracts, an estimated 20% may be due to UVA exposure. Every year 3.2 million people go blind from prolonged UV exposure.

Perfect with Crizal Sun™ with Scotchgard™ Protector

Be sure to partner your new Xperio Polarized lenses with Crizal Sun™ with Scotchgard™ Protector. Designed specifically for sun lenses, Crizal Sun with Scotchgard Protector protects both your eyes and your new lenses.

Important safety information about polarized lenses

Liquid Crystal Displays (LCDs). Information displayed in LCDs may be difficult to read or invisible when viewed at certain angles through polarized lenses.

Snow-covered Surfaces. When snow skiing, wearers sometimes find it difficult to differentiate between ice patches and moguls (bumps on a ski slope.)

Disclaimer: Try It Risk Free Guarantee is applicable only to Xperio lenses. The guarantee does NOT cover progressive lenses non-adapts (this is covered by Essilor non-adaptation warranty), frames, incorrect prescription or ordering, or patient refunds. Lenses must be returned to your eye care professional within 90 days. Lenses returned after 90 days are ineligible.
